

# Parents Guide: Dinosaur Maze (Easy)

---

## Did you know?

- Did you know dinosaurs laid eggs, just like birds and crocodiles do today?
- Some dinosaurs, like Maiasaura (which means 'good mother lizard'), took great care of their babies in the nest.
- The eggs of giant dinosaurs were not that big, because otherwise the shell would have been too thick for the baby to break through.

### Play Idea for Home

Build your own little maze in the living room using pillows and stuffed animals.

### Conversation Starter

Do you think dino moms sang songs to their babies?

### Mini Quiz

Which dino is also called 'good mother lizard'?

Answer: The Maiasaura

## Peekasaurus
